

MEDIA INFORMATION

Dietlikon / Sursee, July 2018

T&N and BrainConsult pool their strengths T&N AG is taking over BrainConsult AG in Sursee

T&N is taking over the firm of BrainConsult from Sursee. "On target together" is also the motto of T&N, which is why Stephan Tanner is convinced that he has found the right partner in T&N. The synergies can be exploited to the full and the position on the market consolidated and expanded with the core competences of both companies.

Stephan Tanner will concentrate on advising and coaching in the future. He will accompany BrainConsult/T&N until the end of 2018 to ensure a smooth integration.

BrainConsult will be continued as a subsidiary of T&N. None of the employees will be laid off and all are looking forward to working in the extended team of the Sursee location as well as the T&N location in Olten. The operative management of the Sursee location will be in the hands of Florian Gehrig, under the supervision of David Dietschi, Head of Midlands T&N. BrainConsult's customers profit from a bigger team and an extended portfolio of services.

«Hybrid Cloud, Microsoft Azure, new ways of working within the scope of digitisation are the topics of the future. Which is why the takeover of BrainConsult fits in perfectly with our strategic further development,» explains Hermann Graf, CEO of T&N AG.

Progressing together – T&N and BrainConsult will be developing intelligent and innovative ICT solutions together in future.
